

Guilty

It was me at the street
It was me at the bridge
It was me at the drug store again
It was me at the church

Yes I'm guilty at all
And I gonna to mash you all
Yes I'm guilty at all
You have to slap me against the wall

It was me killed your neighbour
It was me fished the last spike
It was me burned down your house again
It was me it was me

Yes I'm guilty at all
And I gonna to mash you all
Yes I'm guilty at all
You have to slap me against the wall

Solopart

Yes I'm guilty at all
And I gonna to mash you all
Yes I'm guilty at all
You have to slap me against the wall
Yes I'm guilty at all
And I gonna to mash you all
Yes I'm guilty at all
And I gonna to kill you
